University of Land of Fire

information Security

Baku College of Management and Technology

EXPERIENCE

Frontend Developer

Design Creative Agency

- Effectively utilized HTML, CSS, and JavaScript to create user-friendly interfaces while maintaining the design aesthetics.
- Performed debugging of CSS, HTML, and JavaScript errors, significantly reducing site errors.
- Optimized website functionality and performance by creating custom components tailored to the requirements.

Frontend Developer

Code and More

- Coordinate with the web development team to design user interfaces for client websites using HTML, JavaScript, and Reactjs.
- Designed and built a course review webpage using JavaScript and CSS, which included developing pages, coding, and debugging.
- Eliminate debugging techniques to identify and solve problems.

Frontend Developer

kloun.az

- Designed and developed a user-friendly and responsive web application using React, enhancing the overall user experience.
- Collaborated closely with the design team to ensure seamless integration of UI/UX elements.
- Utilized modern front-end technologies such as HTML5, CSS3, and JavaScript to create a visually appealing and efficient website.

SKILLS
